## DR. J. F. CHRISTENSEN LECTURES AT THE JUNIOR HIGH

Dr. J. F. Christensen of Salt Lake, secretary of the state board of dental examiners, delivered a lecture last night at the Central Junior high school before the members of the Ogden Dental club, teachers, pupils and other interested persons, on the subject of oral hygiene. The lecture was arranged for the Ogden Dental club by Drs. A. W. Watson, president, and Dr. A. D. Barber, secretary.

In speaking on the care of the teeth and preventive dentistry, Dr. Christensen applied his remarks particularly to the public schools as the field wherein these subjects should be seriously taught. He stated that much good had already resulted from the introduction of oral hygiene into the public schools, but that there was still much room for improvement. Continuous consideration of the subject, he said, would result in improvement.

ing many cases of mental and physical weakness in students, the cause of which could be traced to diseased teeth.

The lecture was illustrated with an excellent collection of lantern slides showing the serious conditions that result from neglecting the teeth, and a demonstration to everyone present the importance of a more general understanding of the relation of teeth to health and personal efficiency.

Dr. Christensen was enthusiastically received, and his lecture thoroughly appreciated, especially by the pupils, who, for a number of weeks past, have been making a study of the subject in the English department.

## GEORGE A. BUSH HERE IN SERVICE OF S. P. ROAD

George A. Bush and wife of Salt Lake City are to make their home in Ogden in the near future, the former having been appointed to the vacancy in the local uptown traffic office of the Southern Pacific railroad, left by the transfer of D. For ten years past the new agent has been employed in the traffic department of the Oregon Short Line in Salt Lake City, and resigned from a position in the office of E. C. Manson, superintendent of transportation and car service, to cast his fortune with the Southern Pacific. He is a native of Colorado and prior to taking his first job with the Oregon Short Line, was employed in the clerical department of the Colorado Southern railroad.

Mr. Bush was well liked by his associates in Salt Lake and his local railroad acquaintances predict success for him in this new field.

## VICE IN NEW YORK PROVES STARTLING TO UTAH PEOPLE

New York City is now at a high level of prosperity and pleasure seeking has reached its flood tide, according to A. W. Gorey, traveling freight and passenger agent of the Chicago and Northwestern railroad, with headquarters in Salt Lake City. Mr. Gorey, with his wife, recently returned from a three weeks' visit in the eastern metropolis and while in Ogden this morning interested local railroad traffic officials with a recital of his experiences.

Youthful vice, in the big city, he said, had reached an appalling stage, school girls of tender years surreptitiously frequenting the cabarets and other pleasure resorts, unabashed. Already the girls are the victims of the deadly cigarette habit.

While the evidences of splendid business conditions were plainly seen, on every hand in New York, the general disregard for the common laws of morality was more impressive to the western visitors.

Samson was the first actor to bring down a house—and he was killed in the fall.

## REPUBLICAN PRIMARIES

In accordance with the call of the Republican State Committee, and action taken thereon by the Weber County Republican Central Committee, primaries are hereby called to be held in the several election districts of Weber County on Friday, April 28th, at 8 o'clock p. m., for the purpose of electing seventy-four delegates to the State Convention and to the Congressional Convention of the First District—of the Republican Party—to be held at Provo, Utah, May 1st, for the purpose of electing delegates and alternates to the Republican National Convention to be held at Chicago June 7, 1916.

The same delegates chosen at said primaries will attend both of said Conventions.

The apportionment of delegates to said Convention is upon the basis of one delegate for each seventy votes or major portion thereof cast for Hon. Joseph Howell for Congress at the general election of 1914, and thereunder Weber County is entitled to seventy-four delegates to said Conventions.

The County Committee has apportioned the same among the election districts of Weber County on substantially the same apportionment, as follows:

Ogden, Utah, April 20, 1916.

Years ago, when telephone were still a novelty, a farmer came to town one day and called on a lawyer friend of his whom he supplied with butter and who had had a telephone recently put in his office. "Need any butter this morning?" asked the farmer. "Well, I don't know," answered the lawyer. "Wait a minute, I'll ask my wife about it." After speaking through the phone he went on: "No, my wife says no." The farmer's face was a study for a moment. Then he broke out with: "Look-a-here, I may be a hayseed, but I ain't such a big fool as to believe that your wife is in that there box?"
